|| Nakshatra Phal ||

Nakshatra is the term for lunar mansion in Hindu astrology. A nakshatra is one of 27 (sometimes also 28) sectors along the ecliptic. Each nakshatra is further subdivided into quarters (or padas). These play a role in popular Hindu astrology, where each pada is associated with a syllable, conventionally chosen as the first syllable of the given name of a child born when the moon was in the corresponding pada.

Your Nakshatra : MAGHA

Your Nakshatra Pada : 3

Magha Nakshatra Prediction : You have an attractive personality and wherever you go, you maintain your predominance. When you take responsibility of something, you just try to do it as soon as possible because you are energetic and hardworking. You have a positive way of working. That is why, sometimes people can get amazed by your actions. You have quite a big self-respect, with which you never compromise. You try to do everything to save your self-respect and do everything after thinking about it properly. When it comes on God, you have got high faith. You will have deep relations with government or related departments. Also, you will have contacts with the high society people. You may also get good benefits with these relations. You are sweet spoken and have a good command over scientific subjects. Also, you have interest in various arts. You are respected in the society for your peaceful behavior, serene life, and intelligence. You must avoid being angry. When it comes on doing something, you just don't like to do anything against the truth. You try your best that no one should get upset because of your behavior. If you ever feel like that someone is getting sad because of you, you immediately apologize. Away from the self interest, you always try to do something for the people and never expect anything in return. You may get losses due to excessive honesty at business or job. But, you never compromise on your truthfulness. You all will be successful in accumulating luxuries in life with the help of rich and powerful people. However, you must always stay away from the pride caused by power. You like to accumulate material wealth, but you are also very much interested in spiritual and religious things. Being idealistic and truthful is your quality. Also, you respect the culture, traditions, and elders. You utilize the best of the available amenities and you have many workers. Those who work under you witness a compassionate and respectful side of you. You try to be quite intelligent when it comes on wealth and property. Family Life : You will usually live a happy and blissful married life. Also, your children will be lucky. Life partner will be quite intelligent and expert in daily routine works. He/She will fulfill all the requirements of the family.

|| Life Predictions ||

Character

You think out things that are original in character. These may take widely diverse forms. You might invent some very ingenious contrivance or evolve a new method. Whatever it is, the world will be taken a step forward on your account. There is no doubt that you set great score on honesty, using the term in its widest sense. You require your friends to be honest in purpose, honest in speech, as well as in money affairs. Your greatest weakness lies in the way you treat others. You cannot tolerate inefficiency and you are apt to consider those who do not see eye to eye with you as being hopelessly beneath contempt. It would not be difficult for you to cultivate a more charitable and tolerant view towards those who are likely to earn your disapproval. At any rate, it is well worth trying. You are a person of considerable action. You are never still. You are always making plans and the thing you can least tolerate is inactivity. You have much self will, and the spirit of independence is firmly planted in you. You resent the interference of others, perhaps more than you should, and freedom is a quality you prize very highly- freedom not only of action but also of thought.

Happiness And Fulfillment

Expecting too much too soon, you are under tremendous inner tension and are too stubborn to compromise. Extremely nervous, you scatter your energies by doing too many things at once and rarely complete anything, for there is always something new to discover. At later part of your age, you may experience migraine headaches and must learn to relax. Any sort of combined physical and mental discipline such as yoga is an excellent remedy.

Life Style

Children will give you tremendous motivation to set goals and accomplish them. You feel a responsibility to them and must not let them down. Use this motivating factor to its fullest, but be sure that you are doing what you want to do and not directing your efforts in an area which you do not like just because of your sense of responsibility.

Career

You take all of your responsibilities quite seriously. As a result you have much ambition and will be sought after by your superiors to take on additional responsibilities. Therefore, you should direct your goals toward career positions in an executive capacity.

Occupation

There are many forms of work that you could take up with entire success. All those occupations that depend, primarily, on passing examinations are within your range, since you are quick to learn and the grind necessary for their success is not a matter that irritates you. Your capacity for detail is valuable in a thousand widely different jobs. You would make an excellent journalist, not a bad detective. As a teacher you would be probably very good whilst your facility for remembering faces would be a valuable asset as a shopkeeper. What panders more to a customer's vanity than to be able to tell him everything that he discussed on his last visit ? You have a wonderful gift for doing this. As has been said, you are not exceptionally good in posts where leadership is required. But you would do well in almost any capacity where decisions have to be made. You are not fitted for the work of a commercial traveller and, generally speaking, the sea does not attract you.

Health

You have an abundance of vitality. You are robust and not likely to suffer much unless you overtax yourself. Just because you can burn the candle at both ends, you must not think that it is a wise thing to do. Be reasonable with yourself, do not take too much out of the bank of health, and you will have cause for congratulating yourself in later life. Illness, if it does come, usually comes unexpectedly. Really, it has been coming a long while before it manifests itself. A little hard thinking will show that you plainly asked for the trouble. No doubt, it was something you could have avoided. Your eyes are your weak point so take care of your eyes. You may suffer from some kind of eye disease after the age of 35.

Hobbies

Vigorous pastimes attract you most and they do you the most good. A really fast game like football, tennis, etc, is a capital outlet for your energies and you will be all the better for it. You will like walking when middle-age is reached, but you will think more of a fourteen than a four mile walk. On holidays, you will not want to sit the beach and wait for the next meal, with only a newspaper to amuse you. The most distant hills will beckon to you, and you will want to know what they look like close to.

Love Matters

Love comes early in your life and when it comes, it strikes a very ardent note. But big flames die out quickly and you are out of love many times before the final choice is made. Probably, the wedding will not be an early one, nevertheless, it will be a happy one.

Finance

In matters relating to financial prospects you will be largely the arbitrator of your own destiny. The success of your work will come first in every way. If you belong to the higher plane which your natural gifts entitle you to occupy, you will always find the wealth and gain high position, but in such things you will never be satisfied. You always crave for the something just beyond your means. You will be most generous in money matters and inclined to reduce your reserves by giving to benevolent institutions and helping your relatives.

|| Manglik Details / Mangal Dosha ||

Generally Manglik Dosha is considered from the position of Lagna and Moon in the birth chart.

In the birth chart, Mangal is placed in Fifth house from Lagna, while in the Moon chart Mangal is placed in First house.

Hence Mangal Dosha is not present in Lagna Chart while present in Moon Chart.

Mangal Dosha is considered to create hurdles in the married life of a person. According to some, Mangal Dosha results in frequent illness or ultimately death of partner(s).

It is considered that if a manglik person marries to another manglik person then the manglik dosha gets cancelled and has no effect.

Some Remedies (in case Mangal Dosha is present)

Remedies (needs to be performed before marriage)

Kumbha Vivah, Vishnu Vivah and Ashwatha Vivah are the most popular remedies for Mangal Dosha. Ashwatha vivaha means the marriage with peepal or banana tree and cutting the tree after that. Kumbha Vivah, also called Ghata Vivaha, means marriage with a pot and breaking it after that.

Remedies (can be performed after marriage)

1. Keep Kesariya Ganapati (Orange coloured idol of Lord Ganesha) in worship room and worship daily.
2. Worship Lord Hanuman by reciting Hanuman Chalisa daily.
3. Mahamrityunjaya paath (recitation of Mahamrityunjaya mantra).

Remedies (based on Lal Kitab, can be performed after marriage)

1. Feed birds with something sweet.
2. Keep ivory (Haathi Daant) at home.
3. Worship banyan tree with milk mixed with something sweet.

Note: We strongly recommend you to consult an astrologer before performing these remedies by your own.

This is starting period of Shani's Sade Sati. In this period Saturn will be transiting in 12th house from the Moon. It generally indicates financial loss, problems by hidden enemies, aimless travel, disputes, and poverty. During this period, you may face problems created by your hidden enemies. Relationship with your colleagues will not be good enough and they will create problems in your work environment. You may also face challenges on your domestic front. This may create pressure and tension. You need to exercise control over your spending otherwise it will lead to bigger financial problems. Long distance travels may not be fruitful during this period. Saturn's nature is of delay and dejection, but generally you will get results eventually, so be patient and wait for your turn. Take this period as learning period, put your hard work and things will fall in place. You are advised not to take high risks in business matters in this period.

Expenses may keep soaring high and you need to continue exercising control. Sudden financial losses and fear of theft is also a possibility. You may be pessimistic in thinking, you are advised to deal with matters enthusiastically. You will require paying good attention to family and personal front, otherwise those can also lead to a bigger problem. For students, education may be slightly affected and they will have to work harder to hold on to their existing level. Results will be slow and almost always with the delay. This is a period which indicates danger and apart from other things, you need to be careful while driving. If possible, stay away from non-veg and your drinking habits to keep Saturn happy. You will be able to sail through this period by intelligently handling your domestic and financial matters.

Note: Above predictions are of general nature and are based on general belief that Sade Sati is harmful. Truly speaking, we found that it is not always the case and we recommend reading this article on Sade Sati. Any conclusion based on Sade Sati alone is not correct and has good chances of failing. Certain factors like current running dasa and nature of Saturn also need to be analyzed before we can conclude whether Sade Sati period will be malefic or benefic. You are advised not to take above forecasts seriously and in case of any doubt, consult a good astrologer.

|| Shadbala and Bhavabala – Strength Calculations ||

Shadbala is a method in Vedic astrology that gives quick insight in the strength of planets and the houses. Sanskrit means 'Six' and hence Shadbala consists of 6 different sources of strength. Shadbala calculation is a laborious process but thanks to computers one can get these strength calculations by just one mouse click. Shadbala method gives a value to each planet and each house. The more points a planet and a house gets in Shadbala the stronger it is.
